

First meeting in the Climate Assembly, 10th October 2023

This is the program for the first meeting in the Climate Assembly – we look forward to seeing you!

Place: CSS, Øster Farimagsgade 5, Room 15.3.01

Kl. 16:30-21:00 (doors open at 16:00)

Purpose The purpose at this first meeting is to understand our task and get to know each other and the process more. We will discuss the way we will work together, and the values that should underpin SAMF's sustainable development. We will be visited by two experts discussing the context of why it is pertinent to act, and what role the university and SAMF might play in society's green transition. In addition, we will have a panel talk on the university of Copenhagen's targets and SAMF's work with the climate agenda.
